## PROTECT YOUR ASSETS

Building Site thief and legal dumping is a common occurrence that many builders and land owners have to deal with on a daily basis. How do you protect your asset if you can't get power on site? Solar Security pole could be the answer.

Equipped with a selection of LifePO4 Lithium battery, fast charging controller and a Solar panel to match, our team of technicians can create a package tailor to your needs and best of all, it can operate up to 4 days without sunlight.

Talk to our team today to see how we can help you with your business!

### More features

- 3 available options for any construction types
- Full package ready to install
- No NVR required
